

Young Canadians' Parliament Facilitator Info

2023 - 2024

About Children First Canada (CFC)

A strong, effective and independent voice for all children in Canada. Children First Canada has a bold and ambitious vision that together we can make Canada the best place in the world for kids to grow up.© We are mobilizing an alliance of Canada's leading children's charities, hospitals, research institutes, and corporations that invest in kids, teachers, parents and kids themselves. We are improving children's well-being by building greater awareness among Canadians about the urgent needs of kids in our country and mobilizing the government and other key influencers to change the status quo.

The Young Canadians' Parliament (YCP) Program

The Young Canadians' Parliament (YCP) is a growing movement of young people under 18 who are standing up for their rights – even at the highest levels of government. Launched in 2020, the YCP program educates young people about their rights and Canada's democratic system. Children and youth also learn how to advocate for themselves and others in their community. Together, young people are speaking up on the issues that matter most to their generation – creating leaders of today and tomorrow.

Facilitator Role and Responsibilities

We are currently in the process of looking for young people to be facilitators for the next cohort of the Young Canadians' Parliament with at least one of the following pre-requisites:

1. Be a young adult (under 25)
2. A former member of YCP (under 18)

A facilitator is a young person, who takes on the role of facilitating a topic group during the YCP program. YCP Facilitators have demonstrated the ability to support other young people in dialogue and discussion. Facilitators can also be from a previous YCP cohort.

Required Skills

- You are comfortable working with young people between 12-18 years of age.
