

# Young Canadians' Parliament INFO SHEET

## 2024 - 2025

### The Young Canadians' Parliament (YCP) Program

The Young Canadians' Parliament (YCP) is a growing movement of young people under 18 who are standing up for their rights – even at the highest levels of government. Launched in 2020, the YCP program educates young people about their rights and Canada's democratic system. Children and youth also learn how to advocate for themselves and others in their community. Together, young people are speaking up on the issues that matter most to their generation – creating leaders of today and tomorrow.

### What Skills Will Young People Gain?

YCP members plan, develop and host a National debate on their mock parliamentary bills with many Parliamentarians and Leaders in attendance.
